Type of site required:

Tent (serviced) Tent (unserviced)

Trailer (30 amp) pull-through back-in

Trailer (50 amp) pull-through

Cabin (with washroom/kitchen)

Cabin (sleeper only)

Note to Tenters:

Unserviced sites have grass, but no water or power.

Serviced tent sites are actually 15 amp trailer sites, so your tent will need to be placed in the drive through area where a trailer would normally sit, along with your car. There is no room to put your tent on the grass between drive throughs.
